CONCERNING WAGE SCALE OF CERTAIN EMPLOYES

Mr. McKee offered the following resolution:

H. C. R. No. 4, Relative to wage scale and hour policy of certain employees.

Whereas, This country and Nation had reached such an economic crisis, that it became necessary, in an attempt to bring order out of chaos and restore the confidence of the people in government, for the President of the United States, Franklin Delano Roosevelt, to use the powers of his office and those bestowed upon him by the National Congress of this country, in an endeavor to bring about a recovery; and

Whereas, In an attempt to perform this important mission, he conceived, with the assistance of advisors, the National Industrial Recovery Act; and

Whereas, After due and careful consideration of all interested parties, certain rules and regulations were made mandates under this Act; and

Whereas, In our opinion, one of the prime requisites laid down in the Recovery Act, was the stabilization of a sound wage and hour policy for the workers of this country; and

Whereas, On all work using Federal money or a part of Federal money in the erection and completion of proposed projects on public work, P. W. A. wage rates shall apply as authorized under part of the Recovery Act; and

Whereas, Under a ruling, issued by the Chief of Bureau, Thomas H. McDonald, certain intermediate classes of labor are set up and a wage scale set in accordance with this policy; and

Whereas, In the setting up of these classifications, the special provisions pertaining to this are quoted, which are as follows:

"Special provisions for highway projects financed in whole or in part under Section 204, Title II—public works and construction projects—National Industrial Recovery Act, and Section 1 of the Act of June 18, 1934 (H. R. 8781), for constructing highways and related projects in accordance with provisions of the Federal Highway Act, * * *

And a grave injustice is being practiced upon workers employed on public works by reason of the fact that contractors handling this work are taking advantage of this ruling of Thomas H. McDonald, Chief of the Bureau, with respect to intermediate classes, using only one or two skilled men, regardless of the size of project, whom they pay the skilled wage rates, thereby forcing other skilled mechanics, if they desire to be hired, to accept this intermediate classification, with its resultant low wage, or be forced to walk the streets, thereby defeating the purpose and intent of the recovery program instituted by President Roosevelt and the administrators of the Recovery Act; therefore, be it

Resolved by the House of Representatives of the State of Texas, the Senate concurring, That this policy is a misapplication of the intent and purpose of the National Recovery Act and tends to defeat its thought and purpose; and, be it further

Resolved, That enrolled copies of this concurrent resolution, with signatures of Members of the House and Senate attached thereto, be sent to the President of the United States, the Administrator and those organizations interested in the promulgation of the National Industrial Recovery Act, protesting this policy, and with the recommendation that this unfair practice be discontinued.

McKEE,
JEFFERSON,
ROLLINS,
NICHOLSON,
BRADLEY.

The resolution was read second time.

Mr. Van Zandt offered the following amendment to the resolution:

Amend House Concurrent Resolution No. 4 so as to omit from the last resolving clause the following language:

"With signatures of the Members of the House and Senate attached thereto * * *

Mr. Canon moved that the resolution be referred to the Committee on Federal Relations.

Mr. Bradley moved, as a substitute motion, that the resolution be referred to the Committee on Labor.

Question first recurring on the substitute motion of Mr. Bradley, it prevailed.

The motion by Mr. Canon, as substituted, prevailed.

CONCERNING ADMINISTRATION OF RELIEF WORK

Mr. Griffith offered the following resolution:

H. C. R. No. 6, Concerning relief work.

Whereas, If the National Recovery Program is to be successfully carried out and full faith kept, it will be imperative for such program to be properly and efficiently managed and handled; and

Whereas, The relief that is now being administered should only go to the needy, suffering and deserving; and

Whereas, However, such relief is not being administered as intended, but has fallen into the direst straits of politics, with the result that political machines are built up or being built up, favoritism and discrimination are shown, and some who are unworthy are receiving direct money from the Government, while others more needy and worthy are left without aid or sustenance; therefore, be it

Resolved by the House of Representatives, the Senate concurring, That Hon. Franklin D. Roosevelt, President of the United States, and the State Board of Control of Texas be, and they are hereby, petitioned and called upon to appoint in each county within this State an officer of the Retired Service Personnel of the United States Army, who is a citizen of Texas and properly trained and instructed, who shall have direct and full supervisory charge of the dispensation of such relief, in such county, and in no way be handicapped or hindered by any county relief boards or commissions, to the end that the original intent of the President, Congress, and the States be carried out, and that rehabilitation and recovery be made complete and effective, rather than that doles, idleness, discrimination and political machines become permanent.

The resolution was read second time.

Mr. Reed of Bowie raised a point of order on further consideration of the resolution at this time, on the ground that the time for the consideration of resolutions has expired.

The Speaker sustained the point of order.

REQUESTING THE ENFORCEMENT OF CERTAIN LAWS

The Speaker laid before the House, as pending business, resolution offered on yesterday, by Mr. Kyle of Hays, relative to the enforcement of certain laws;

The resolution having been read second time on yesterday.

Question recurring on the resolution, yeas and nays were demanded.
